

How To

CREATE AN AQUATIC MURAL

Get Started

WHAT YOU'LL NEED

PB401A
White Card A4

DP552A
Crayola Crayons

PD389A226
Tempera Blocks

BR203E
Chubby Brushes

BR498
Balloon Brushes

Step by Step

LET'S CREATE

1 Draw a fish outline onto cartridge paper using crayons. Decorate the fish with patterns and shapes, using crayons to create the 'resist'.

2 Pick up paint from a tempera block using a wet brush.

3 Wash the watery paint over your drawing. You can paint on as many colours as you like. The paint won't stick to the paper where the crayon 'resist' has been applied.

4 Leave to dry overnight. If your paper has curled up, press between heavy books to flatten.

5 Use your finished drawings to create an aquatic mural!
